It's hard to believe that the time for graduation has arrived so swiftly. It seems as if it was only yesterday when a majority of this senior class walked through the doors of the unknown. We chose a road untraveled and entered a school quite different from the norm. As this four year journey comes to a close, we now know the life lessons we have learned from each other prevail over all the challenges we have endured. It is with no regret that in May 2006, I will proudly say I am a graduate of William S. Hutchings High School.

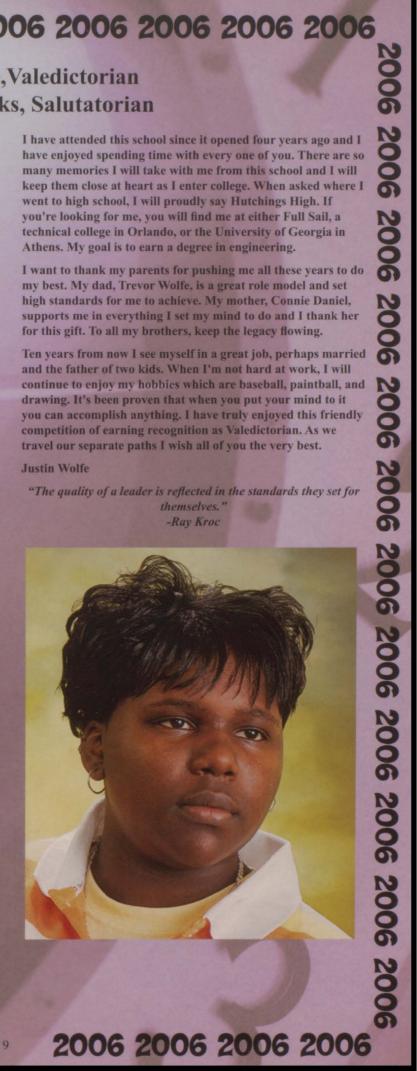

After graduation, I plan to attend either Oglethorpe University or Georgia Southwestern University and major in Biology. After completing my undergraduate studies, I plan to attend medical school and study neurology. In due time, you will find my name listed among the top neurologist in the country. Since balance is important to our lives, I will reserve some time for relaxing and enjoying my favorite pastime, playing sports and watching professional and college football...GO VOLS!!!.

To my mother, Victoria R. Hicks and my grandmother, Ernestine Hicks (my namesake), thank you for always supporting me in my endeavors and comforting me during the tough times. It is because of your love and strength that I model myself after you. To my siblings, Ronnie, Sakeitha, Dy, and Tristan, all I ask of you is to strive to be the best at whatever you want to do. If you fall short, get back up and try again. Never quit.

I will miss seeing your familiar faces in the crowded hallways I have walked hundreds of times here at Hutchings High School. However, the friendships and the memories of fun times will stay with me forever. My wish for all of you is simply to love, live, and prosper.

Ernestine Hicks

STUDENT LIFE

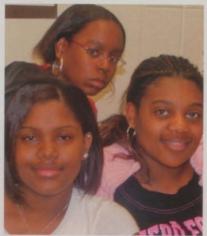

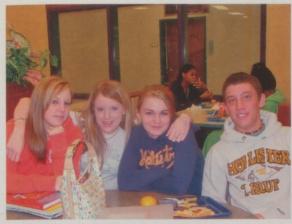

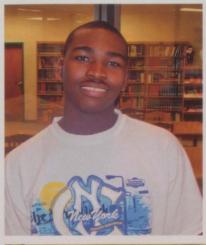

STUDENT LIFE

Laura Perkins, Principal

Theodore Roosevelt once stated that "To educate a man in mind and not in morals is to educate a menace to society." This statement is never more true than today. Education cannot be offered in isolation. My goal is not only to create an environment for learning but also to create an environment that impacts society on a positive level. To graduate knowledgeable, thoughtful young men and women who know that they have an obligation to the world, who desire to give back because much has been given to them, who desire to give back because much has been given to them, and who intuitively know that these behaviors are right and true is all that anyone could want. No one element can more broadly impact the world than to send young people out who are educated and morally sound. This, then is my goal.

It is hard to believe that this school year has passed so quickly. I have really enjoyed my first year as Assistant Principal at Hutchings High School and I appreciate the support I have received from everyone. As I have gotten to know the students and teachers, I have a new found admiration for what you do and the things you accomplish on a daily basis. You have the world at your feet and it is up to each of you to decide what to do with these opportunities. I wish only great things for our graduating seniors and I look forward to seeing our returning students next year.

A 15 year veteran teacher, Mr. Dzienis has been on the staff at Hutchings High School since its opening in 2002. As a history teacher, he believes in setting higher standards for the sake of educating students. Mr. Dzienis' approach is getting students to understand how what they have learned can be used throughout their lives, and in the process developing reassurance for their futures...all while having fun! Mr. Dzienis is truly a wonderful teacher and friend.

TARRESTER OF THE PROPERTY OF T

Ernestine Renee Hicks

by Nicole Garcia

When I was little and I cried
You lovingly held me, and let the last tear fall
When I would scrape my knee
You'd bandage it up and say "be careful".
When my birthday was horrible, you smiled
And promised the next would be perfect.

When I would lose my temper,
You had a way to calm me down.
When my friends left me behind,
You gave me ice cream and said
"they'll come around"
When I had a nightmare

You'd tuck me in your bed and
Reassured me you'd never let harm find me.
When my 7th grade crush liked another,
You made me see it was his loss.

When it was my sweet 16
You threw me a party fit for a princess.
And made it a day I would always remember.
When the love of my life left me alone,
So sweetly you said, "This too shall pass."
When I broke your heart with disappointment

You came to me and said, "I still love you".

I know that you think that I forgot all this,
And take all you sacrificed for granted,
But that's just not true.

At times I'm stubborn, as well as you, But never doubt for half a second that I love you.

Although I am growing up and someday soon,
I'll have to bandage my own knee,
You'll always be the bet mother.
And I'll always be your little girl.

We have hoped and prayed and know you will go to heaven.

You were a bright little girl, friendly, quiet, and sweet. We always knew you would be a successful child and finish your twelve years of school and continue on to college to be even more successful. We've instilled in you to be all that you can be, and to get as much education as you can.

You have never let us down and we hope and pray that you continue to prosper.

Hurricane Katrina Strikes with a Vengeance

Hurricane Katrina slammed into the Gulf Coast with 140 mile-per-hour winds on the morning of August 29. Katrina is reputed to be the most destructive and costliest natural disaster in United States history. Estimated costs are in the billions.

First Lady of Civil Rights Movement is Revered

Coretta Scott King, the widow of Martin Luther King Jr., died on January 31 at the age of 78. Coretta was a champion for civil rights, disability rights, women's rights and many other causes. As for bringing about great change, she has said, "You must change yourself so that you're prepared to lead people in the direction they should go."

Nazi Hunter Wiesenthal Dies

Holocaust survivor Simon Wiesenthal, who helped bring more than 1,100 Nazi war criminals to justice after World War II, died on September 20 at the age of 96. The United Nations declared January 27 as the first International Holocaust Remembrance Day. The date is significant in Holocaust history because it commemorates the liberation anniversary of Auschwitz, the Nazi death camp, in 1945.

Mission: Successful

With the touchdown of the Space Shuttle Discovery on August 9, NASA completed its first shuttle mission since Columbia broke apart during re-entry in February 2003. The mission was deemed successful, although Astronaut Steve Robinson made some repairs to the shuttle's exterior while in orbit.

Americans Among Nobel Prize Winners

Two Americans and a German won the Nobel Prize in physics for pioneering research involving the behavior of light and its use for creating precise measuring techniques. Also, two Americans and a French scientist won the prize for chemistry with the development of a process that causes molecules to swap atoms. This molecular reaction is used to create medicines, plastics, and other products with more efficiency and less environmental hazard.

Women in Power

Ellen Johnson Sirleaf, a Harvard-trained banker and survivor of Liberia's brutal politics, took the eath of office to become Africa's first woman to be elected female head of state. In Chile, Michelle Bachelet was elected as the country's first female president. Her first fulfilled campaign promise was splitting the Cabinet down the middle to equally represent both genders, and women were appointed to half of the 20 seats.

america * responds to katrina victims

Through agencies including the American Red Cross, U.S. citizens responded to the needs of Hurricane Katrina victims. More than 2,500 truckloads of food, 4,500 health professionals and 220,000 volunteers made their way to the gulf coast. The Red Cross mounted the largest relief effort in its 125-year history to provide food, shelter, health care and relief supplies as well as to reconnect loved ones.

Kids from all over the U.S. pulled together to aid victims in the gulf coast. By collecting money, food and supplies, kids sent much needed relief to families devastated by the hurricanes. Once again, kids have shown how much they care by taking amazing steps to make a difference.

Hurricane Katrina caused many people to lose track of their loved ones—including their pets. When owners were forced to rapidly evacuate their homes, many pets were stranded or left behind. Organizations from all over the country sent volunteers to rescue animals and provided needed care before reuniting them with their families. The Humane Society of the United States donated over \$4 million in grants to gulf coast animal welfare organizations. The grants were distributed to groups directly affected by Hurricane Katrina.

A Really Old Story

Archaeologists revealed the final section of the earliest known Mayan mural. It dates back to 100 B.C. and tells the story of kings and their right to the royal title. The room-sized mural was discovered in 2001 in northeastern Guatemala and was finally completed for viewing in December 2005.

The Avian Flu (bird flu) has generated worldwide concern about its potential for spreading to humans. To date, the H5N1 virus strain has significantly affected more birds than humans, and millions of chickens and ducks have been killed in an attempt to prevent the virus from spreading. Although there has been concern about the flu reaching North America from Southeast Asia and sparking a pandemic, experts conclude that the virus has difficulty transmitting between people.

Up Close and Personal With a Comet

NASA's Deep Impact space probe smashed into a comet half the size of Manhattan on July 4 in an effort to reveal secrets of the solar system t scientists. The historic mission allowed scientists to take photos of the comet's surface. Information gathered may some day help scientists stop a comet if the Earth were ever threatened.

In the Fast Train

A new contender for the title of fastest train in the world is being tested by the East Japan Railway. The Fastech 360 is expected to carry passengers at a speed of 224 miles per hour, topping the French TGV train's speeds by nearly 40 miles per hour. To stop quickly, the Fastech uses spoiler-type brakes that pop up from the roof to create wind resistance.

Did Global Warming Fire Up the Hurricane Season?

Due to the ferocity of Hurricane Katrina, many people believe that global warming was responsible for the increased strength of the year's tropical storms. Today's hurricanes are undoubtedly stronger than the storms of 30 years ago. However, scientists are still divided over the claim that climate changes caused an intense storm season in 2005.

Stardust Space Probe Returns Home

It left seven years ago, traveled 2.88 billion miles and circled the sun twice. In January, NASA's Stardust space probe dropped a 100-pound capsule back to Earth with a tiny payload of comet and interstellar dust. Scientists believe the particles within the Stardust are remains from the formation of our solar system.

A Game of Logic

Have you caught the Sudoku bug? Millions across the globe are consumed with Sudoku fever. Men, women, boys and girls, young and old alike, have helped to spread this numerical phenomenon. Touted by some to be the best thing since the Rubik's Cube, this game is based on pure logic—no math skills are necessary.

Sudoku (pronounced soo-doe-koo) hails from Japan, where the name is short for "suji wa dokushin ni kagiru" meaning "only single numbers allowed." Even though it became hugely popular in the summer of 2005, it originally hit the United States in 1979 when it first appeared in *Dell Pencil Puzzles and Word Games* magazine.

Object of Sudoku:

Fill the grid with numbers so that every row, every column, and every 3x3 box contains every digit from 1 to 9, without repeating a digit.

To find the answers to these puzzles, log on to our Web site, http://yearbooks.lifetouch.com. You'll find the answers by clicking on the Zoom Sudoku icon.
